4-18-2007

Ed Cohen Memorial

Mr. Cohen is the focal point of this flat bronze relief plaque. In the framework around his portrait are visual references to significant efforts and advances in the Massachusetts labor movement. Visual connections with the Massachusetts AFL-CIO, the national association are also made.

Medium: Bronze

Dimensions:
30" x 67" x 2"

Ed Cohen Memorial

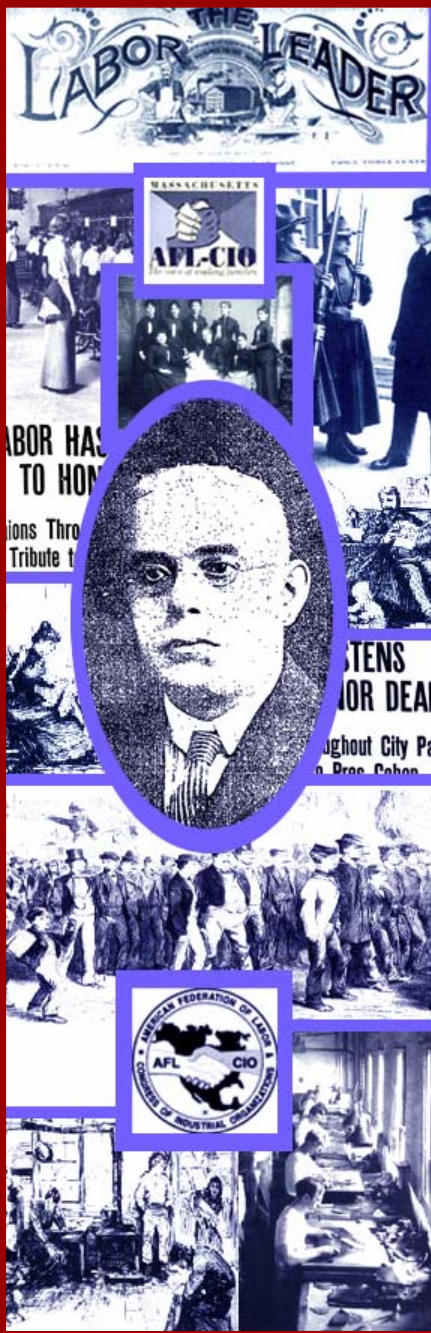

Like the flat bronze plaque, Mr. Cohen is the focal point of this semi-cylindrical relief plaque. In the framework around his portrait are visual references to significant efforts and advances in the Massachusetts labor movement. Visual connections with the Massachusetts AFL-CIO, the national association are also made.

The top hemisphere, the banding half rings and bottom cap are cast fiberglass with a gold leaf or gold acrylic finish. The core relief semi-cylinder is cast bronze.

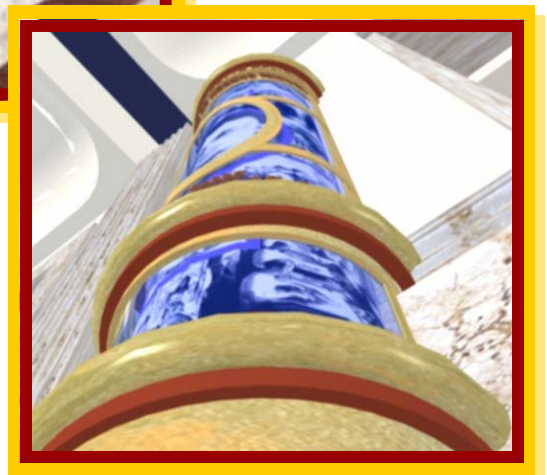

Medium: Bronze and Fiberglass
Dimensions: 8' x 2' x 1'

Ed Cohen Memorial

Like the semi-cylindrical bronze relief plaque, with the difference that this sculptural piece features a blue tinted acrylic outer semi-cylinder. The viewer is drawn into the piece to visually explore the inner semi-cylinder. There is dim internal lighting that creates an inner glow within the piece. The top hemisphere, the banding half rings and bottom cap are cast fiberglass with a gold leaf or gold acrylic finish. The core relief semi-cylinder is cast bronze. A replaceable thin clear Lexan protective layer wraps around the tinted acrylic outer tube to minimize surface scratches.

The above design is used for both semi-circular designs. It is preliminary, not a final design.

Medium: Bronze and fiberglass and acrylic
Dimensions: 8' x 2' x 1'
